Dead by daylight

By Tyler McCutcheon and Alyssa Shultz

Boy voice
When I was sittin just lookin at
everything I saw…
was the hair of someone
She looked mighty fine…
when she waved i thought i
was dead by daylight
Ohhh oow oooh ooow

Girl voice
When i saw him i got butterflies
He was so define
Oooh i wonder if he ever noticed me

Boy voice
Oh I wonder if she ever noticed me..
I couldn't help but notice her
We could probably get together like a pair
Oh she was beautiful but i hope
We can meet someday
We go together like a pair

Girl voice
Oh i love him oh i want him so bad
He makes me happy when i'm sad
Oooh he's so amazing
I told all my friends
But they say he’s fake when he's not
Oooh i love him

Boy voice
People think im not real but yet again
All people do is call me names
If she saw who i truly was on the inside
She may think of me another way
But all i want was standing in front of me
She may see who i am but yet again i'm dead by daylight

The Fake Boyfriend

By Tyler McCutcheon & Alyssa Schultz

Girl voice
People say he’s fake
People say he’s not real
But i know he is
And i love his everything
Oooh he’s my everything
But they are so mean
Callin’ me ugly and fat and everything
But he don’t do that
He loves me
He respects me

Boy voice
I don't like that kinda shit
I dont put up with that kinda shit
I don't like it i don't like
it i dont put up with it
But when i look at her
i'll let her…
She wouldn't hurt a
fly i love her she's beautiful
If she ever told me
That she wants to break up with me
My heart would rip in pieces
I would start the bad stuff again
My arms would be shredded
Ill cut till i can't no more
I would never do anything to hurt
Her in any way
But there's one thing for sure
And thats im not fake
But i'm also not sane in a way

Girl voice
He’s best ive ever had
Ion mean to get too personal but
I want him to give me hickeys
Kisses

And so much more
But ill love him no matter what
We are like a love song
It will always be him and me
Whenever i talk to him
I get butterflies
I blush ooh i wonder if he knows that
Ooooh i go crazy yeah, yeah
